

Dear Sirs:

My name is Ronn Munro. I am a current member of AFTRA, SAG and Actor's Equity.

I have been exposed to all sorts of problems with the rights of artists over the years.

I have learned that actor's rights are a fragile (sometimes misunderstood by the public) necessity in a business where greed and power are so easily assumed.

Please vote to protect artists from those that would parasitically host on us.

As an individual that depends on radio work for making a living, I support all the musicians that create the sounds that allows us all to survive.

Do what is necessary to keep Radio REAL and healthy.
